

**PHUESE** One

**Quick start  
guide**

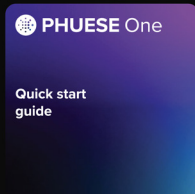

## What's inside the box

PHUESE One device

USB-C cable

Quick start guide

## **Already have a PHUESE One?**

Plug in your new scent device:

1. Press the “+” button in your PHUESE App on your mobile device.
2. Follow the instructions provided in the PHUESE App.

## **New to PHUESE?**

To setup your new scent device, follow the steps on the next page.

## 1 Plug in your scent device

Once your scent device has power, the LED light will light up.

When the device is ready for pairing the LED light will turn blue.

## 2 Download the PHUESE app

Download the app from your preferred app store.

Check your email for your PHUESE account invitation link. Activate your account, login to the app and follow the steps provided in the app.

## Network details

### Wi-Fi network

Our scent devices are normally connected to a Wi-Fi network. These networks are often secured with a Wi-Fi password. When connecting the scent device to your Wi-Fi network, you will be asked to enter your password. After you have done that, you can easily manage the scent device with your PHUESE app.

Wi-Fi Type	Frequency 2,4 GHz	Frequency 5 GHz
802.11b	✓	✗
802.11g	✓	✗
802.11n	✓	✗
802.11ax	✓	✗

# Safety Information

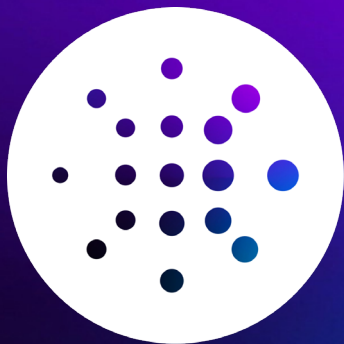

## For your safety

This manual contains important information for the safety and use of your purchased PHUESE scent device. Read this manual thoroughly before you use the product. Otherwise, you may cause danger or damage to yourself and others. Keep the warranty, the receipt, and the manual in a safe place. When you hand the scent device to someone else, do not forget to give them the receipt and the manual.

## Advice for usage

The product you have purchased is intended only for scenting indoors. Incorrect usage of the product can lead to dangerous situations.

- Only fill the product with original PHUESE scent cartridges and scent oil.
- Only use the product indoors and never in damp areas, like pools and saunas.
- Do not use the product near an open flame, such as a fireplace, a gas stove or candles.
- Place the product on a flat surface.
- Do not cover the product and make sure that the openings are kept free at all times.
- Do not insert any objects into the openings of the product.
- Do not modify, adjust or change the product in any way.
- Keep the product away from children and do not let them play with it.
- Do not travel with a cartridge that is in use.
